Code of Ethics

Client Well Being – I will do my utmost to make sure the clients welfare and physical and mental well-being is primary consideration.

Safety Practice - I will uphold the safety of myself and client. I will not engage verbal, physical or sexual abuse of any client. Nor will I discriminate against any client on the basis of race, religion, sexual orientation, gender identity or disability. If I am informed of a vulnerable child or adult is in danger I have the responsibility of informing the correct “body of authority” , for example safeguarding team.

Best Practice – I will adhere to the NCT and NGH guidelines and there ethos. For best practice I will also take issue that arising in session to supervision to support the best interests of the client and my training, there will be NO Personal Details passed on to the supervisor or associate if in group supervision.

Limitation – I will not go beyond my training and skill capability . As or if required I will propose to a client the benefits from another practitioner with an alternative skill set, experience or qualification .

Advertising- I will be truthful in what I advertise regarding my own practice.

Training – My training took place in London where I was trained to an industry leading standard by HypnoTC. I will continue on my path of learning and development as continually strive to do my best for my clients and their needs

NOT MEDICAL TRAINED- I do not work for a medical professional so I will not “Diagnose” or treat nor prescribe medical issues or medical health. With the agreement of the client I may contact their GP so they are aware that I am working with their patient.

Stopping a session- I will stop a session if the intake form provided is not correct or false information has been given. I will also stop the session if the client becomes verbally or physically abusive. I will also not start the session if I believe that I am not the right hypnotherapist practitioner for the client.

Associate - Under no circumstances, will I discredit any of my fellow hypnotists associate's .
